SERMON OUTLINE

Sermon: The Biblical Rosetta Stone

Text: Romans 8:28

Thesis: We Have A Key To Unlock The Mysteries Of Life.

- I. There Is Nothing Good About The Bad Things People Do.
 - A. God doesn't seek to sugar coat life.
 - B. God does want us to see His ability to work through anything.
- II. God Promises To Recycle Bad, Redeem It and Use It For Our Good And His Glory.
 - A. God is an amazing recycler.
 - B. He even recycles the bad and evil which enters our lives.
- III. Bad Things Happen To Good People, But The Fight Is Fixed.
 - A. It's fixed because we know the outcome.
 - B. Don't go on the defensive about where you are.

Conclusion: Just as the Rosetta stone unlocked the three ancient languages, so does this verse unlock the mysteries of life. There will still be some experiences which will make little sense this side of Heaven. Evil will always be in this world, but we're not tied to this world. There is nothing bad which God can't use for our good and His glory. But remember this fight is fixed. We know for sure who wins.
