SERMON

Sermon: It's All About The Faith

Text: James 5:15 & 16

Thesis: Authentic Faith Empowers Prayer.

I. Faith Moves God, Not Need.

A. Needs will always exist.

B. Nothing moves Him like faith.

II. Faith Unlocks The Power Of Heaven.

A. People are intrigued by power.

B. But then comes the question of how we get this power to work for us.

III. Faith Speaks In Declarative Tones.

A. The vocabulary is distinctive.

B. We speak many languages.

Conclusion: To say that faith is key would be a true understatement. Faith will put Heaven on high alert and get God's private line and truthfully this is what we need at times. Faith turns the lock and opens the full weight and power of God loose in our lives and sometimes we need all of that. Our testimonies need to be clear and unmistakable. Let's make sure the world knows and that there is no confusion. Then our prayers will be powerful and effective.
