SERMON

Any Means Available 2 Corinthians 11:3

Thesis: Our Adversary Is Cunning.

I. This Adversary Desires To Defeat The Children Of God.

- A. His weapon of choice to do that is deception.
- B. He still uses this weapon today.

II. This Adversary Desires To Discourage The Children Of God.

- A. Satan uses cunningness to do this.
- B. Satan is a master magician.

III. This Adversary Desires To Devour The Children Of God.

- A. He begins this by leading our minds astray.
- B. A straying mind like a straying child is vulnerable to attack.

Conclusion: Every year around 800,000 children are abducted or go missing in the US. That for me is a staggering figure. But you know what, an even more staggering figure would be the number of people who are "led astray" or abducted by the tricks of our adversary. Don't set yourself up to be defeated, discouraged, or devoured by the enemy. That would be my best way to sum up the advice of the older experienced father in the faith Paul.
